

## Index to Volume 38

### Authors and Titles

- Annisson, E. F. *See* Isaacs, N. W. 13  
*See also* Oddy, V. H. 95
- Baker, H. W. G., Eddie, L. W.,  
 Hudson, B., and Niall, H. D.  
 Variability in the apparent molecular weight  
 of inhibin 327
- Barry, T. N., Faichney, G. J., and  
 Redekopp, Carolyn  
 Gastro-intestinal tract function in sheep  
 infused with somatostatin 393
- Bindon, B. M., Findlay, J. K., and Piper, L. R.  
 Plasma FSH and LH in prepubertal Booroola  
 ewe lambs 215
- Blackshaw, A. W. *See* Putra, D. K. H. 429
- Boland, M. P., Murray, J. D., Hoskinson,  
 R. M., Hazelton, I. G., Sutton, R., and  
 Nancarrow, C. D.  
 Ovarian response to PMSG treatment in ewes  
 immunized against oestradiol-17 $\beta$  339
- Boston, R. C. *See* Faichney, G. J. 85
- Britt, A. G., Cotton, C. L., Kellett, B. H.,  
 Pitman, I. H., and Trask, J. A.  
 Structure of the epidermis of Australian  
 Merino sheep over a 12-month period 165
- Brown, B. W., Fraser, I. S., and Mattner, P. E.  
 Capillary blood flow in the endometrium and  
 myometrium of conscious sheep: effect of  
 catheterization of uterine arteries 209
- Bryant, S. L., and Rose, R. W.  
 Effect of cadmium on the reproductive organs  
 of the male potoroo *Potorous tridactylus*  
 (Macropodidae) 305
- Cahill, R. N. P. *See* Rajion, M. A. 33
- Chamley, W. A., Clarke, I. J., and  
 Moran, A. R.  
 Seasonal changes in LH secretion in normal  
 ewes which grazed oestrogenic clover 109
- Chandrasekhar, Y. *See* Maddocks, S. 405
- Chapman, R. E. *See* Masters, D. G. 355
- Chen, J. W. *See* Kennedy, I. R. 51
- Clarke, I. J. *See* Chamley, W. A. 109
- Cotton, C. L. *See* Britt, A. G. 165
- Curlewis, J. D., and Stone, G. M.  
 Some effects of breeding season and castration  
 on the prostate and epididymis of the  
 brushtail possum, *Trichosurus*  
*vulpecula* 313
- Eddie, L. W. *See* Baker, H. W. G. 327
- Edirisinghe, W. R., and Wales, R. G.  
 Influence of environmental factors on the  
 metabolism of glucose by preimplantation  
 mouse embryos *in vitro* 411
- Edirisinghe, W. R. *See also* Wales, R. G. 421
- Elliott, R. B. *See* Reddy, S. 59, 237
- Faichney, G. J., and Boston, R. C.  
 Movement of the water within the body of  
 sheep fed at maintenance under  
 thermoneutral conditions. 85
- Faichney, G. J. *See also* Barry, T. N. 393
- Findlay, J. K. *See* Bindon, B. M. 215
- Fleet, M. R. *See* Forrest, J. W. 245
- Forrest, J. W., Fleet, M. R., and Rogers, G. E.  
 Characterization of melanocytes in  
 wool-bearing skin of Merino sheep 245
- Foster, G. G., Vogt, W. G., and  
 Woodburn, T. L.  
 Genetic analysis of field trials of sex-linked  
 translocation strains for genetic control of  
 the Australian sheep blowfly, *Lucilia*  
*cuprina* (Wiedemann) 275
- Foster, G. G. *See also* Vogt, W. G. 259
- Fraser, I. S. *See* Brown, B. W. 209
- Gibson, William R. *See* Lee, Victor W. K. 115
- Gilbert, A. T., and Thompson, E. O. P.  
 Amino acid sequence of the  $\beta$ -chain of the  
 tetrameric haemoglobin of the bivalve  
 mollusc, *Anadara trapezia* 221
- Gillespie, J. M. *See* Reis, P. J. 151
- Gooden, J. M. *See* King, K. R. 23  
*See also* Oddy, V. H. 95
- Hartmann, Peter E.  
*See* Martins, Ralph N. 295
- Hazelton, I. G. *See* Boland, M. P. 339
- Hedger, M. P., Risbridger, G. P., and  
 de Kretser, D. M.  
 Autoradiographical localization of luteinizing  
 hormone releasing hormone (LHRH)  
 receptors on rat testicular intertubular cells  
 fractionated on Percoll density  
 gradients 435
- Hill, Ronald, J.  
 Native salivary chromosomes of *Drosophila*  
*melanogaster*: retrospect and prospect 1
- Hodgson, Y. M., and de Kretser, D. M.  
 The testosterone response of cryptorchid and  
 hypophysectomized rats to human chorionic  
 gonadotrophin (hCG) stimulation 445

- Hoffmann, D., and St George, T. D.  
Growth of epizootic hemorrhagic disease,  
Akabane, and ephemeral fever viruses in  
*Aedes albopictus* cells maintained at  
various temperatures 183
- Hope, R. M. See Sykes, P. J. 365
- Hope, Rory. See Wainwright, Brandon 377
- Hough, G. M. See Oddy, V. H. 95
- Hoskinson, R. M. See Boland, M. P. 339
- Hudson, B. See Baker, H. W. G. 327
- Isaacs, N. W., Machin, K. J., and Masakuni, M.  
Three-dimensional structure of goose-type  
lysozyme from the egg white of the  
Australian black swan, *Cygnus atratus* 13
- Johnston, D. M. See Johnston, P. G. 79
- Johnston, P. G., Robinson, E. S., and  
Johnston, D. M.  
Dictyate oocytes of a kangaroo (*Macropus  
robustus*) show paternal inactivation at the  
X-linked *Gpd* locus 79
- Kellett, B. H. See Britt, A. G. 165
- Kennedy, I. R., Wyszomirska-Dreher,  
Tchan, Y. T., and Chen, J. W.  
Properties of antisera to glutamate  
dehydrogenase from nitrogen-fixing lupin  
nodules. 51
- Khurana, N. K. See Wales, R. G. 421
- King, K. R., Gooden, J. M., and  
Annison, E. F.  
Acetate metabolism in the mammary gland of  
the lactating ewe 23
- Kretser, D. M. de. See Hedger, M. P. 435  
See also Hodgson, Y. M. 445
- Lee, Victor W. K., and Gibson, William R.  
Ovulation rate and inhibin levels in  
gonadotrophin-treated mice 115
- Leenanuruksa, D., and McDowell, G. H.  
Effects of prolonged intravenous infusions of  
adrenaline on glucose utilization, plasma  
metabolites, hormones and milk  
production in lactating sheep 197
- Machin, K. J. See Isaacs, N. W. 13
- Maddocks, S., Chandrasekhar, Y., and  
Setchell, B. P.  
Effect on wool growth of thyroxine  
replacement in thyroidectomized Merino  
rams 405
- Martins, Ralph N., Hartmann, Peter E., and  
Stokes, Gilbert B.  
Comparative profiles of the hexose  
monophosphate dehydrogenases in rat  
tissues over the lactation cycle 295
- Masakuni, M. See Isaacs, N. W. 13
- Masters, D. G., Chapman, R. E., and  
Vaughan, J. D.  
Effects of zinc deficiency on the wool growth,  
skin and wool follicles of pre-ruminant  
lambs 355
- Mattner, P. E. See Brown, B. W. 209
- McDowell, G. H. See Leenanuruksa, D. 197
- McLean, J. G. See Rajion, M. A. 33
- McQuade, Leon R.  
B-chromosome systems in the greater glider  
(*Petauroides volans volans*) (Marsupialia :  
Petauridae). I. B-chromosome  
distribution 189
- Mead, R. J., Moulden, D. L., and Twigg, L. E.  
Significance of sulfhydryl compounds in the  
manifestation of fluoroacetate toxicity to  
the rat, brush-tailed possum, woylie and  
western grey kangaroo 139
- Moran, A. R. See Chamley, W. A. 109
- Moulden, D. L. See Mead, R. J. 139
- Muir, M. E. See Smigielski, A. J. 383
- Muller, M. J.  
Experimental infection of *Culicoides  
brevitarsis* from south-east Queensland with  
three serotypes of bluetongue virus 73
- Murray, J. D. See Boland, M. P. 339
- Nancarrow, C. D. See Boland, M. P. 339
- Niall, H. D. See Baker, H. W. G. 327
- Oddy, V. H., Gooden, J. M., Hough, G. M.,  
Teleni, E., and Annison, E. F.  
Partitioning of nutrients in Merino ewes. II.  
Glucose utilization by skeletal muscle, the  
pregnant uterus and the lactating mammary  
gland in relation to whole body glucose  
utilization 95
- Pike, I. L. See Wales, R. G. 421
- Piper, L. R. See Bindon, B. M. 215
- Pitman, I. H. See Britt, A. G. 165
- Putra, D. K. H., and Blackshaw, A. W.  
Quantitative studies of compensatory  
testicular hypertrophy following unilateral  
castration in the boar 429
- Rajion, M. A., McLean, J. G., and  
Cahill, R. N. P.  
Essential fatty acids in the fetal and newborn  
lamb 33
- Ralston, G. B.  
Proteins of marsupial erythrocyte  
membranes 121

- Reddy, S., and Elliott, R. B.  
 Insulin, glucagon, pancreatic polypeptide hormone and somatostatin in the goat pancreas: demonstration by immunocytochemistry 59
- Ontogeny of cells containing insulin, glucagon, pancreatic polypeptide hormone and somatostatin in the bovine pancreas 237
- Redekopp, Carolyn. *See* Barry, T. N. 393
- Reis, P. J., and Gillespie, J. M.  
 Effects of phenylalanine and analogues of methionine and phenylalanine on the composition of wool and mouse hair 151
- Risbridger, G. P. *See* Hedger, M. P. 435
- Robinson, E. S. *See* Johnston, P. G. 79
- Rogers, G. E. *See* Forrest, J. W. 245
- Rose, R. W. *See* Bryant, S. L. 305
- Setchell, B. P. *See* Maddocks, S. 405
- Shaw, F. D. *See* Tume, R. K. 41
- Smigielski, A. J., Muir, M. E., and Wallace, B. J.  
 Studies on the accumulation of putrescine and spermidine in *Escherichia coli* 383
- Stevenson, I.  
 Protoplast formation from submerged mycelium and from spore germinants of *Streptomyces coelicolor* 175
- St George, T. D. *See* Hoffmann, D. 183
- Stokes, Gilbert B. *See* Martins, Ralph N. 295
- Stone, G. M. *See* Curlewis, J. D. 313
- Sutton, R. *See* Boland, M. P. 339
- Suzuki, Takanobu. *See* Suzuki Tomohiko 347
- Suzuki, Tomohiko, Suzuki, Takanobu, and Yata, Tohru  
 Shark myoglobins. II. Isolation, characterization and amino acid sequence of myoglobin from *Galeorhinus japonicus* 347
- Sykes, P. J., and Hope, R. M.  
 Provisional mapping of the gene for a cell surface marker, GA-1, in the red-necked wallaby *Macropus rufogriseus* 365
- Tchan, Y. T. *See* Kennedy, I. R. 51
- Teleni, E. *See* Oddy, V. H. 95
- Thompson, E. O. P. *See* Gilbert, A. T. 221
- Thornton, R. F. *See* Tume, R. K. 131
- Trask, J. A. *See* Britt, A. G. 165
- Tume, R. K., and Shaw, F. D.  
 Triacylglycerol lipase activities of cultured rat L6 myoblasts 41
- Tume, R. K., and Thornton, R. F.  
 Serum activation of lipoprotein lipase from sheep adipose tissue 131
- Twigg, L. E. *See* Mead, R. J. 139
- Vaughan, J. D. *See* Masters, D. G. 355
- Vogt, W. G., Woodburn, T. L., and Foster, G. G.  
 Ecological analysis of field trials conducted to assess the potential of sex-linked translocation strains for genetic control of the Australian sheep blowfly, *Lucilia cuprina* (Wiedemann) 259
- Vogt, W. G. *See also* Foster, G. G. 275
- Wainwright, Brandon, and Hope, Rory  
 Flow cytometry and flow sorting of metaphase chromosomes from the dasyurid marsupial *Dasyurus viverrinus* 377
- Wales, R. G., Edirisinghe, W. R., Khurana, N. K., and Pike, I. L.  
 Metabolism of glucose by preimplantation mouse embryos in the presence of glucagon, insulin, epinephrine, cAMP, theophylline and caffeine 421
- Wales, R. G. *See also* Edirisinghe, W. R. 411
- Wallace, B. J. *See* Smigielski, A. J. 383
- Woodburn, T. L. *See* Vogt, W. G. 259
- See also* Foster, G. G. 275
- Wyszomirska-Dreher, Z. *See* Kennedy, I. R. 51
- Yata, Tohru. *See* Suzuki, Tomohiko 347
- Youatt, Jean  
 DNA synthesis in relation to hyphal branching and wall composition in *Allomyces macrogynus* 67
